

COR 1605

Copy 7

9 April 1962

MEMORANDUM FOR : Acting Chief, Development Projects Division, and  
Chief, Special Projects Branch, Development Projects  
Division

SUBJECT : MURAL Carrier Cases

REFERENCE : Memorandum for Chief, Development Branch, DPD, from  
Chief, Special Projects Branch, DPD; subject: Request  
for Additional Information, dated 5 April 1962  
(COR 1569)

1. The undersigned concurred in the procurement of a twin MURAL carrier case container (in addition to the one available from the CORONA program) to provide a choice and flexibility, if desired, in the courier transport of the MURAL product. Hence, the capability now exists either to transport, in an appropriate carrier case, the MURAL product as a unit or in a split shipment, if desired, to provide maximum safety and added assurance that all will not be lost in the event of a serious mishap while the raw original take is being transported to Eastman Kodak. The twin MURAL carrier case was available for use prior to the first MURAL firing.

2. The delay in giving  a clear cut decision to procure the twin MURAL carrier case was due to the failure of the undersigned to make up his mind promptly in this matter.

SIGNED

JOHN PARANGOSKY
